

REC Pavilion

a seminar on experimental didactics

REC Pavilion was designed and built as part of Alta Scuola Politecnica (ASP), the joint honors program between Politecnico di Torino and Politecnico di Milano, to celebrate the 10th anniversary of REC Festival, Chile's largest free music event, which was held in the city of Concepción, 14–15 March 2025, with 100 000 attendees. The initiative was made possible by the assistance of Universidad del Desarrollo (UDD) in Concepción, Teatro Biobío and the REC Festival team, and was patronized by Istituto Italiano di Cultura in Chile.

TUTORS

Alberto Collet
Manfredo di Robilant
Davide Bardini

STUDENTS

Jaione Aramburu
Edoardo Cairolì
Gaia Cattaneo
Julienne Joven
Federica Vitelli
Ala Zhyvulka

June 3 2025

Sala Mollino, Castello del Valentino, Torino
