

Designing the Extreme

Architectures in Limit Environments

11 giugno 2026

ore 09:30 — 13:00

Sala dello Zodiaco

— Castello del Valentino, Viale Mattioli, 39 - 10125 Torino TO

The initiative is part of the Polar – IF Program // Project for the Italian Concordia Station. Redesign of the Summer Camp and Surrounding Areas, a joint program of the Alta Scuola Politecnica (ASP) aimed at establishing a strategic collaboration between the Italian Concordia Station and the Polytechnic Universities of Turin and Milan, with the objective of developing an innovative and multidisciplinary vision for the future of the summer camp and the surrounding areas of the base.

PROGRAMME

09:30

Opening remarks

Elena Vigliocco, ASP (PoliTO)
