

RE-START RENEWABLE ENERGIES STRATEGIES AND TECHNOLOGY APPLICATIONS FOR REGENERATING TOWNS

A.M. Barcelona (ES), Glasgow (UK), Grand Lyon (FR), Torino (IT),
Rotterdam (NL), Copenhagen (DK), Porto (PT), South Dublin (IE)

Politecnico di Torino
Castello del Valentino, Salone d'Onore
viale Mattioli 39, 10125 Torino (I)

RE-START

A.M. Barcelona (ES), Glasgow (UK), Grand Lyon (FR), Torino (IT), Rotterdam (NL), Copenhagen (DK), Porto (PT), South Dublin (IE)

Friday, October 6, 2017

Politecnico di Torino

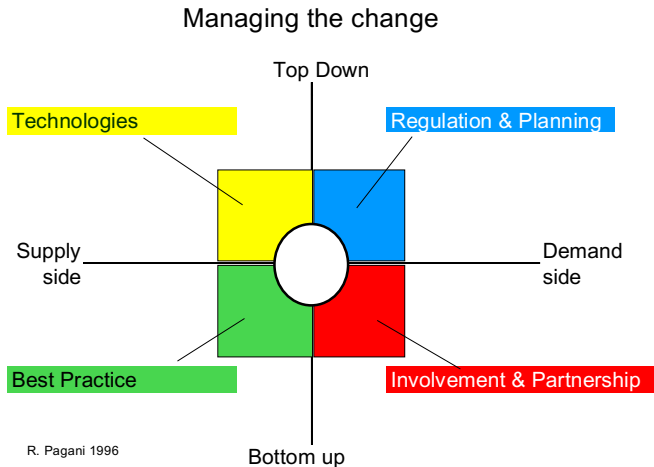

Salone d'Onore del Castello del Valentino

09:00 – 12.00

CONFERENCE AND DIALOGUE WITH STUDENTS

Twenty years ago a major European Demonstration Project in eight economic capitals started.

Dialogue with the key players of RE-START, and many other european projects, on lessons learnt and new challenges for sustainable energy strategies in cities.

9:00 OPENING

Paolo Mellano

Director of Department of Architecture and Design_Politecnico Torino

PART 1 _ WHAT WORKS?

Roberto Pagani

Coordinator and leader of RE-START Torino

“twenty years of RE-STARTings”

Eduardo del Oliveira Fernandes

Leader of RE-START Porto

“from efficiency to sufficiency: how policies can change”

John Duggart

Leader of RE-START Glasgow

“can small be beautiful?: what triggers people’s decisions”

Anne Girault

Leader of RE-START Lyon

“can community involvement become a best practice?”

Chiel Boonstra

Leader of RE-START Rotterdam

“it is not just technology that matters: it’s thinking it right”

BREAK

10:30 PART 2 _ WHAT NEXT? New challenges and perspectives

Introduction:

Gianvincenzo Fracastoro

Professor of Building Physics

Panel:

Eduardo de Oliveira Fernandes, John Duggart, Anne Girault, Chiel

Boonstra, Roberto Pagani

Interaction with students and researchers on new perspectives

Conclusions:

Lorenzo Matteoli

Professor of Technology of Architecture

12:00 PART 3 _ Ceremony

Gabriella Peretti

Professor of Technology of Architecture
